

HEAVY HAUL TRAILERS

OVERVIEW

Our custom Heavy Haul trailers have proprietary suspensions and are custom built for some of the world's most demanding applications in oilfields around the world. Entro's knowledge and history of working in severe environments helps us build custom trailers that provide years of trouble free service. Entro designed trailers are in use in Alaska, Africa, and the Middle East.

- Utilizes Entro suspensions
- Towed or self-propelled
- Custom frame configurations
- Integral tanks and engine rooms available
